Description

- Fast response and quick insulation test.
- 3 functions in one unit, insulation test with 4 voltage ranges, continuity test, AC voltage measurement
- 200mA measuring current on continuity testing
- Comparator function with PASS / FAIL and buzzer
- 0? adjustment at continuity measuring range
- Memory function up to 99 data
- Backlight LCD provides easy reading in dark locations
- Safety lock system prevents an erroneous operation on 500 and 1000 Volt ranges
- Safety standard IEC 61010-01 CAT III 600V

Test voltage	125/250/500/1000V
Measuring range (Auto range)	4.000/40.00/200.0M?(125V) 4.000/40.00/400.0/2000M?(250/500/1000V)
Mid-scale value	5M? (125/250V) 50M? (500V/1000V)
First effective measuring range	0.2 - 20M? (125V) 0.2 - 40M? (250V) 0.2 - 200M? (500V) 0.2 - 1000M? (1000V)
Accuracy	±2%rdg±6dgt
Second effective measuring range lower	0.110 - 0.199M?
Second effective measuring range upper	20.01 - 200.0M? (125V) 40.01 - 2000M? (250V) 200.1 - 2000M? (500V) 1001 - 2000M? (1000V)
Accuracy	±5%rdg±6dgt
Rated current	DC 1 - 1.2mA

Output short circuit current	1.5mA max
